"We want to provide our patients with the care they need, when they need it, so they can get back to their lives within 45 minutes instead of waiting in an emergency room for hours or delaying treatment."

Within the new extended hours, Sunday through Saturday, patients can receive all urgent care treatments and services, including same and next-day COVID-19 PCR results, X-rays, and on-site diagnostics. No appointment is necessary, although patients can [book their visit online](#). Occupational Medicine services, including Workers' Compensation assistance, pre-employment physicals, drug and alcohol testing, respirator fit exams and more, are also available on a walk-in basis.

WellNow Urgent Care centers provide fast and convenient walk-in service for non-life-threatening injuries and illnesses such as sprains, burns, cuts, colds and allergies while also providing on-site X-rays, lab testing and physicals.
